National Chairman's Remarks 1st Quarter, 2026

it gives me great pleasure to address our esteemed members and partners as we begin the first quarter of 2026. This year has opened with renewed enthusiasm for advancing environmental engineering practice in Nigeria, and the Nigerian Institution of Environmental Engineers remains committed to leading that charge.

Over the past months, we have strengthened collaborations with government agencies, industries, and academic institutions to ensure that environmental sustainability stays at the forefront of national development. Our focus for this quarter includes enhancing professional capacity, expanding our grassroots environmental awareness initiatives, and driving innovations that address climate resilience, waste management, and clean energy adoption.

I commend all State Chapters and Committees for their dedication to ongoing public lectures, technical sessions, and community-impact projects. Your efforts continue to elevate the relevance and visibility of our profession across the country. Particularly our latest chapter, the Osun State Chapter, welcome to the family.

As we move through the year, I encourage us all to remain united, proactive, and visionary. Together, we will build a safer, cleaner, and more sustainable environment for future generations.

Thank you.

Engr Caius Ikem Umekesiobi FNSE, FNIEE, PMP

National Chairman

Nigerian Institution of Environmental Engineers (NIEE)

Acceptance Speech

by the National chairman
of the Nigerian institution
of Environmental Engineers
(NIEE)

Distinguished Past National Chairmen, National executive members, Fellows, and members of the Nigerian Institution of Environmental Engineers (NIEE).

I am deeply humbled and honored to accept the mantle of leadership as the **National Chairman of the Nigerian Institution of Environmental Engineers (NIEE)**.

I am grateful to God for this opportunity, and I thank the members of NIEE for placing their trust in me. I am also grateful to our immediate Past National Chairman, **Engr. (Dr.) Nureni Adegboye Ogunyemi, FNSE, FNIEE**, for his dedication, selfless commitment, and excellent service to the institution.

As I take the helm, I promise to work tirelessly to promote the interests of our institution, advance the cause of environmental engineering, and improve the welfare of our members.

I acknowledge the challenges we face, but I am confident that with the special grace of God, support of our members and stakeholders, we will overcome them and achieve greatness.

Let us work together to build a stronger NIEE, a more sustainable Nigeria, and a brighter future for our profession.

Thank you, all.

Engr. Caius Ikem Umekesiobi
FNSE, FNIEE, FNICE, PMP

Investiture Ceremony

Investiture Ceremony

of the 35th President of the Nigerian Society of Engineers (NSE)

17th January, 2026

Investiture ceremony of **Engr. Ali Alimasuya Rabi** as the 35th President of the Nigerian Society of Engineers (NSE) is a significant event, with officials from the Nigerian Institution of Environmental Engineers (NIEE) and NSE members in attendance at Aso Rock Villa Banquet Hall. Engr. Rabi brings a wealth of experience to his new role, having served as President of the Council for the Regulation of Engineering in Nigeria (COREN) from 2019 to 2023. His leadership vision focuses on unity, integrity, and accountability, aiming to position engineering as a central force in Nigeria's development. Some notable officials include **Engr. Sesan Odukoya**, FNSE, FNIEE, Past Chairman NIEE, **Engr. (Dr.) Nureni Ogunyemi**, FNSE, FNIEE, IPC NIEE, **Engr. Shola Agboola**, FNSE, FNIEE, National Vice Chairman NIEE, **Engr. Yusuf Majolagbe**, FNSE, FNIEE, National Secretary NIEE

Launching of NIEE Osun State Chapter

6th February, 2026

Launching of Osun State Chapter of the Nigerian Institution of Environmental Engineers

Engr. Prof. Ife Adewunmi, FNIEE takes the helm as Chairman, alongside other dedicated Executive members, in a ceremony witnessed by esteemed guests:

- Engr. Caius Ikem Umekesiobi, FNSE, FNIEE, PMP, National Chairman NIEE ably represented by Engr. Olushola Agboola, FNSE, FNIEE, National Vice Chairman
- Engr. Bola Olowe, FNSE, FNIEE, Chairman NIEE B.O.T
- Engr. (Dr) Nureni Adegboyega Ogunyemi, FNSE, FNIEE, Immediate Past National Chairman
- Engr. Yusuf Majolagbe, FNSE, FNIEE, PMP, National General Secretary
- Engr. Dr. Murtacha Adekilekun Tijani, FNIEE, National Membership Secretary

The event, held at Osun State University's Engineering Lecture Theatre, was graced by academia and students, highlighting the chapter's commitment to nurturing future environmental engineers.

Kudos to the Osun State Chapter

Investiture of 19th President of the Association of Professional Women Engineers of Nigeria (APWEN)

7th February, 2026

The Nigerian Institution of Environmental Engineers Engineers (NIEE) was well represented at the investiture of **Engr. Chinyere Nnenna Igwegbe, FNSE**, as the 19th President of the Association of Professional Women Engineers of Nigeria (APWEN). The ceremony, held on Saturday, 7th February 2026, at the NSE Headquarters

Auditorium in Abuja, featured the following NIEE leadership:

- **Engr. Caius Ikem Umekesiobi, FNSE, FNIEE, PMP**, (NIEE National Chairman)
- **Engr. Shola Agboola, FNSE, FNIEE** (NIEE National Vice-Chairman)
- **Engr. Uche Patrick-Obikile, FNSE, FNIEE** (Chairperson NIEE Abuja Chapter)

**NIGERIAN INSTITUTION OF ENVIRONMENTAL ENGINEERS
ABUJA CHAPTER**

Eid Mubarak

The Nigerian Institution of Environmental Engineers, Abuja Chapter, extends heartfelt Eid al-Fitr greetings to our members, partners, and the communities we serve.

As we mark the end of Ramadan, we celebrate not only the completion of a sacred journey of discipline and reflection, but also the renewal of our shared commitment to collaboration, integrity, and service. The values of Eid—gratitude, empathy, and responsibility—mirror the principles that guide our work in protecting the environment and advancing sustainable development.

May this Eid bring peace to every home, clarity to every decision, and renewed purpose to our collective efforts toward a cleaner and healthier Nigeria.

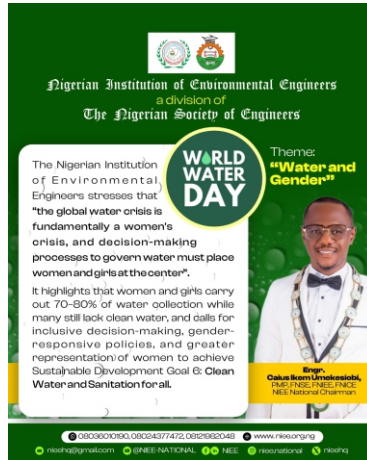

From all of us at NIEE Abuja Chapter, we wish you a joyful and blessed Eid al-Fitr.

ENGR. UCHE PATRICK-OBINKILE FNSE, FNIEE
Chairman, Nigerian Institution of Environmental Engineers, Abuja Chapter.

NIEE celebrates World Water Day

22nd March, 2026

The Nigerian Institution of Environmental Engineers, in collaboration with the Lagos State Ministry of the Environment and Water Resources, joined other key stakeholders including WaterAid Nigeria, Lagos State Wastewater Management Office, Lagos Water Corporation, Lagos State Water Regulatory Commission, Zebra G3 Services, and Cummins to commemorate the World Water Day 2026 celebration - 22nd March 2026. Held at the Alausa Secretariat on March 24, 2026, the event brought together professionals, policymakers, and development partners committed to advancing sustainable water management. With the theme "Water and Gender," this year's celebration emphasized the urgent need to address disparities in

access to safe water and sanitation, particularly for women and vulnerable groups who are disproportionately affected. It also highlighted the critical

role of environmental and engineering professionals in designing inclusive, resilient, and sustainable water systems.

A Story of Water, A Story of Change. A young girl once walked miles every day in search of water, missing school and opportunities. Then clean water came. The walks ended. She returned to school. Her family and community began to grow. This is the power of water. On this World Water Day 2026, the Nigerian Institution of Environmental Engineers (NIEE) reaffirms its commitment to sustainable water solutions for all. Because when water flows... lives change.

The Nigerian Institution of Environmental Engineers, a division of the Nigerian Society of Engineers, organized a technical session titled “Deposit Return Systems (DRS) for Plastic Bottles: A Circular Economy Plastic-to-Profit Strategy for Nigeria.” The session was held on Thursday, 26th March 2026 at 4:00 PM and was conducted virtually, allowing participants from various locations to attend. The programme focused on the concept of Deposit Return Systems (DRS) as an innovative and sustainable solution to plastic waste management in Nigeria. The session emphasized the need to transition from the traditional linear model of “use and dispose” to a circular economy model where plastic materials are recovered, reused, and reintegrated into the production cycle. The presentation clearly highlighted how plastic waste, when properly managed, can be transformed into a valuable economic resource rather than an environmental burden.

The session featured Engr. Dr. Sunday Egbiki as the discussant, who brought his wealth of professional experience to bear on the topic. In conclusion, the technical session was highly informative and relevant, as it addressed a pressing environmental challenge while presenting practical and economically viable solutions.

Concept of Deposit Return System (DRS)

A **Deposit Return System (DRS)** is a regulated circular economy mechanism in which Consumers pay a **refundable deposit** on beverage containers (plastic bottles) at purchase and recover the deposit upon returning the empty container to an authorized collection point.

The Abuja Chapter, in collaboration with NISEng, embarked on an industrial visit to the Nigeria LNG (NLNG) facility in Bonny Island, Rivers State on February 20, 2026. The visit provided participants with practical insights into industrial processes, environmental management practices, and sustainable operations within the oil and gas sector.

Similarly, the Edo State Chapter hosted its Maiden Seminar and Technical Paper Presentation on March 24, 2026. The session, themed “Sustainable Solid Waste Management: The Environmental Engineer’s Role,” featured expert presentations and discussions aimed at addressing contemporary waste management challenges and reinforcing the role of environmental engineers in achieving sustainability.

Engr. Uche Patrick-Obilike, FNSE, FNIEE
Chairman, NIEE Abuja Chapter

Engr. Doosigh Agbadu-Adu
CEO, COMBATUM, FIBROTEK, AGROBIOGEN SYSTEMS (PVT) LTD.,
INSTITUTE OF CHANGE & IMPACT
(Engineering, Management & Communications)

Nigerian Institution of Environmental Engineers
Lagos State Chapter

FEBRUARY, 2026 TECHNICAL SESSION

Topic:
Towards a sustainable environment
THE SAFETAINABILITY ADVANTAGE: REDEFINING THE GREENER, SAFER ENVIRONMENT

Engr. Jamiu Badmus

Engr. Arewa Agom, FNSE, FNIEE

Founder/Chief, QHSES Leadership Academy
The Motivator, LEADERSHIP REBOOT
Chief Purpose Officer, Foundation for Excellence in Sustainable and Human Development (FESHD)
Managing Consultant, FIBROTEK (PVT) LTD.

/xct-twxp-pny

Engr. Prof. Pious Oluwatomi OKEKUNLE
Professor of Mechanical Engineering at
Ladoke Akintola University of Technology
(LAUTECH), Ogbomosho, Nigeria

Engr. Dr. K. A. Olaiya, MNSE, FNIEE
Chairman, Nigerian Institution of Environmental Engineers Oyo State Chapter

These sessions provided a platform for members to engage in insightful discussions on emerging environmental engineering trends, share practical experiences, and explore innovative solutions to pressing environmental challenges. Key areas addressed included water resource management, environmental sustainability, waste management practices, and climate-related issues.

6th Engr Gbola Tokun Memorial World Water Day Lecture (2026)

March 23rd, 2026

6th Engr. Gbola Tokun Memorial World Water Day Lecture (2026), organized by the Nigerian Society of Engineers (Ibadan Branch – The Premier Branch) in conjunction with the Nigerian Institution of Environmental Engineers, Oyo State Chapter. The lecture is themed “Water and Gender: Where Water Flows, Equality Grows.”

It aims to highlight the importance of gender inclusion in water access and management, aligning with global conversations on sustainable development.

Inauguration Ceremony of Engr Dr Edwin Ojirika as NIEE PH Rivers State chapter

30th March, 2026

THE NIGERIAN INSTITUTION OF
ENVIRONMENTAL ENGINEERS (NIEE)
RIVERS STATE CHAPTER
A DIVISION OF THE NIGERIAN SOCIETY OF ENGINEERS

proudly presents the

Inauguration Ceremony of

Engr. Dr. Edwin C. Ojirika

MKSE, MNTE, MNSOPE

AS THE **4TH CHAPTER CHAIRMAN**

- 1. **Innovating for Tomorrow: Harnessing**
- 2. **Green Technologies to Combat**
- 3. **Environmental Degradation in Nigeria**

31ST
MAR 2026

2PM
RODMP

Engr. Prof. Y. O. Beredugo's Hall, Engr. Ishmael Bamigbo NSF Secretariat, Bernhard Carr Street, Lagos Bus Stop, Port Harcourt, Rivers State.

Chairman of the Occasion

ENGR. CAIUS IKEM UMEKESIOBI,

MSE, FNIEE, FNICE, PMP
National Chairman, Nigerian Institution
of Environmental Engineers

Special Guest of Honour

PROF. PRINCE CHINEDU MMOM,

JP, DSERS
Vice Chancellor, Federal University of Environment
& Technology, Sitakpenwa, Rivers State, Nigeria.

Inauguration Lecturer

DR. MIKE IWEGBU

Executive Director, Health, Safety &
Environment (HSE), Total Energies, Nigeria.

Spiritual Father of the Day

VEN. ENGR. BEKWELEM F. WABARA

Rtd. Archbishop, Church of Nigeria,
Anglican Communion.

Chief Host

ENGR. BELEMA FUBARA EKINE,

MSE, FNICE, MNIEE
Chairman, Nigerian Society of Engineers,
Port Harcourt Branch.

Host

ENGR. PROF. REUBEN N. OKPARANMA,

MNSE, FNIEE
Chairman, Nigerian Institution of Environmental
Engineers, Rivers State Chapter.

The Nigerian Institution of Environmental Engineers, Rivers State Chapter, held the inauguration of Engr. Dr. Edwin C. Ojirika as its 4th Chairman on 31st March 2026 at the Nigerian Society of Engineers Port Harcourt Branch Secretariat. The event, themed **Innovation for Tomorrow:**

Harnessing green technologies to combat environmental degradation in Nigeria, featured an inauguration lecture by **Dr. Mike Iwegbu** and was attended by key dignitaries

and professionals. It marked an important leadership transition while reinforcing the commitment to environmental sustainability and professional growth.

Let us take responsibility of our
Environment or face it's consequences
